---

## PROJECT PROFILE

- Developed a web application for regional lake health reporting using Node, Express, and MongoDB, as well as corresponding mobile applications using React Native
  - Created a personal portfolio website ([jaredmezz.com](http://jaredmezz.com)) using React, Node.JS, and Express, deployed using APACHE on a VPS
  - Created a commercial portfolio website for photography ([mezzshots.me](http://mezzshots.me)) using React, Node.JS, and Express, deployed using APACHE on a VPS
  - Created & Launched a Google Chrome extension with over 550 users.
  - Developed a replica of Space Invaders using PyGame
  - Developed a JavaFX program utilizing Riot's API to retrieve League of Legends data and store in a local SQL database
- 

## EXPERIENCE PROFILE

*January 2022 - Current*

**Jr Software Developer - JIC Design**

**Kingston, ON**

- Familiarized myself with pre-existing projects to gather an understanding for system designs and layouts, primarily in PHP, Laravel, and Vue.JS
- Interacted with clients to gather project requirements and use cases, minimizing repeat meetings
- Created and implemented custom Wordpress plugins for websites that do not include off-the-shelf capabilities
- Translated design documents into functional web pages, ensuring compatible styling across device formats

- Utilized GitFlow for all repository branching models, keeping version control in check and up to date

#### *May 2021 - Current*

##### **Software Developer - The Land Between**

**Peterborough, ON**

- Created a mobile-first web application using Node.JS, MongoDB, and Express to acquire crucial data about local lakes
- Utilized a Content Delivery Service to mitigate local storage for user uploaded images, reducing bandwidth by 50%
- Implemented server management software to streamline hosted applications, cutting down excess costs
- Performed basic DNS maintenance, ensuring availability and uptime for clients
- Coordinated with a team of developers to complete tasks together and ensure deadlines are met

#### *June 2020 - March 2021*

##### **Customer Service Representative - Concentrix**

**Peterborough, ON**

- Greet customers in a courteous, friendly, and professional manner
- Listen attentively to customer needs and concerns; demonstrate empathy while maximizing opportunity to build rapport with the customer
- Clarify customer requirements; probe for understanding
- Prepare complete and accurate work including appropriately notating accounts as required
- Participate in activities designed to improve customer satisfaction and business performance
- Troubleshoot basic and routine customer issues that are technical in nature; including hardware, software, networking, or other designated client products

#### *Spring/Summer, 2017/2018*

##### **Lawn Care Technician - Weed Man**

**Kingston, ON**

- Prepared the vehicles with supplies for the day
- Created & maintained a route of houses throughout various neighbourhoods
- Operated & maintained a hand-pulled motor
- Provided dethatching, fertilizing, weed spraying & crabgrass suppressants treatments

#### *August 2015 - August 2017*

##### **Counter Staff/Production/Supervisor - Tim Hortons**

**Kingston, ON**

- Provided guests with an exceptional experience throughout their time in the store
- Trained new employees on POS systems, tills, and daily store operations
- Handled currency in both storefront and drive-thru ensuring tills were balanced
- Assigned as quality control ensuring all food safety precautions were met
- Cleaned and maintained sanitary workstations throughout the store

- Unloaded merchandise as well as stocked the store
  - Assisted with shift audit reports and accounted for shift ends
-
